A MATERIAL MADE

TO GLOW.

Dupont Board combines a GPPS base with an integrated laminated surface that recreates the refined, fibrous character of Tyvek-style paper. It delivers soft, even illumination and a premium visual finish.

MATERIAL	STANDARD SIZE	CONSTRUCTION	CUSTOMIZATION
GPPS	1.22 x 2.44 m	Integrated laminate	Custom sizes available

KEY BENEFITS

01

Excellent Translucency

Soft, attractive light diffusion for illuminated installations.

02

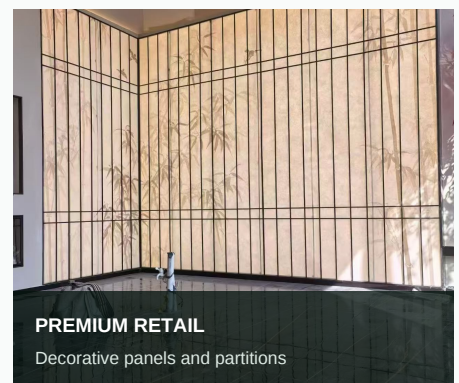

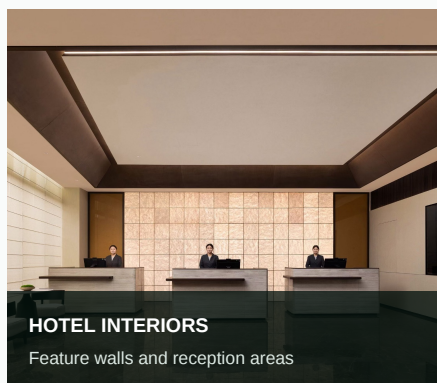

UV Print Ready

Print directly without a coating; ink bonds firmly to the surface.

03

Premium Visual Texture

A refined fibrous appearance suited to elevated interior design.

LET'S CREATE SOMETHING DISTINCTIVE.
